

Learn to Skate Winter Ice Show Information

Event Date: TBD, Late December

Event Location: TBD, Either Frontier Ice Arena or EWU

LTS Group Number Breakdown:

Skaters will be broken down into levels and days they attend LTS, and will be given a song to skate to. Multiple levels may be in the same number, depending on group size. Learn To Skate coaches will be in charge of teaching the programs. We will be using the last 10-15 minutes of each class to work on programs.

Costumes:

We ask all of our group lesson skaters to provide their base costume and then we will add accessories to complete their look based on their role for their group number. We do not expect you to go out and purchase all new clothes for this event. If you already own pants or shirts in the color we are asking for please use those. Logos, wording and patterns are all okay. Please look for your child's group lesson day, time and specific level for their base costume.

Events Committee:

The Spokane FSC Holiday show is a large task, and we can use all of the help we can get! If you are interested in helping out in any way, please contact our Event Coordinator, Sandra Clark, at: sclark@looklakeschool.org

COVID-19 Policies: Hope For A Better Tomorrow is a US Figure Skating sanctioned event. Therefore, we must follow the policies that our governing body has put in place. At this time, US Figure Skating's policy is as follows: ALL skaters, chaperones, volunteers and coaches MUST wear a mask while inside the facility. Skaters are not required to wear a mask while on the ice. Lake City/Spokane FSC will allow one chaperone per skater inside the rink.

If you have any questions or concerns, please feel free to email Chris Anders at chris.j.anders@hotmail.com

Thanks,
Chris Anders, Kimmi Jeffers & the Lake City Coaching Staff!!
